School Committee to Terminate Contract

Last Thursday evening, the Mattapoisett School Committee, after four months of negotiations with the Mattapoisett Teachers' Club, has, in an unprecedented action, notified the Teachers' Club of its intent to terminate the contract effective September 1, 1976. The committee action was due to what it felt was a lack of meaningful movement on the part of the representatives of the Mattapoisett Teachers' Club. This move was made with the hope that termination of the contract would lead to successful and speedy resolution of current negotiations.

For its part, the Teachers' Club has filed for State mediation.

In a sincere effort to conclude negotiations to the mutual agreement of both sides, the School Committee has advised the Teachers' Club that it is more than willing to sit down and bargain at any time, with or without the aid of a mediator.

MATTAPOISETT SCHOOL COMM. MEETING

At its special meeting on Thursday, August 26, the Mattapoisett School Committee appointed Diane H. Perry as a half-time teacher of art at the Old Hammondtown School. Ms. Perry's prior school associations have been with the Lakeville school system.

The Committee also authorized Project R.E.A.D.S. to employ Miss Christine Coffin as a school psychologist for the two elementary schools for the coming school year. Miss Coffin will spend most of her time on Chapter 766 problems but will also be available to the principals and classroom teachers as other needs warrant.

The Committee received a report from Dr. Kunces to the effect that only minor items remain in the completion of the relocatable classrooms and the sewage disposal field at Old Hammondtown School. No drawbacks to an occupancy permit are apparent at this time.

The Committee approved Federal guidelines for free and reduced price meals.

Tax Rate Down $3.

Mattapoisett Assessors announce a new tax rate of $63.00 per thousand - decrease of $3.00 per thousand from last year.

Credit for the decrease is due to the extra effort by all Town officials, the Finance Committee and conservative action of the townspeople at the last Town Meeting. Also timely reimbursements from Old Colony Regional Vocational School were all factors in lowering the rate.

MECA ANTENNA OK

Robert Raphael, head of the Mattapoisett Emergency Citizens' Association, discussed the need of an antenna at Town Hall for the use of this citizens' band group. Raphael said that the antenna which was located on the Town Hall roof was found inoperable and had been removed. He said that the antenna will be used to insure MECA participation in situations such as are present in the storm season now approaching. The Selectmen agreed that the citizens' band group was a valuable help during the

last storm watch. Raphael estimated the cost of the antenna and tripod to mount it at $125.00. He said the group did want both an antenna and radio set (estimated cost $300.00) but that the immediate need is for the antenna. The problem was explained to Civil Defense head Paul Kelley who works closely with MECA members and he agreed on the need for the antenna and will work out details with Raphael.

USED CAR LICENSE ALTERED

Thomas Sylvia, d/b/a Tom's Auto Parts, appeared before Selectmen to request an increase in the number of used cars allowed under the Class II license issued to him one week previously. At that time no one appeared for or against the license request and Selectmen granted it with a 6 car limit. Mr. Sylvia said that the yard could accommodate 50 cars. All 3 Selectmen agreed to up the limit to 25 cars as a trial with Mr. Sylvia having the option of returning if that limit proves unsatisfactory.

TRAILER PARKING BAN

Selectmen, reacting to a problem of the early summer, applied to the State for permission to ban trailer parking on the town streets and that request is now law. That law will become enforceable as soon as the town streets can be posted and that is

DRINKING AGE CHANGE?

Selectmen will respond to a letter from Saugus Selectmen who want to reverse the decision which lowered the age for alcoholic beverage use. The Saugus officials have noted that this change has resulted in numerous problems and that young drinkers are buying alcoholic beverages for those far below the age of 18. They urge that the General Court restore the limit to 21 years of age. The Selectmen will request a report from Chief of Police Alfred Faria to determine local effect of the law.

SHELLFISHING IN MARION

A communication was received from Marion announcing that Marion shores are open to the taking of soft shell clams. Clams may be taken only on Sundays, Tuesdays or Thursdays and only in areas open for clamming. Closed areas are Ram Island, Planting Island Cove, Blankenships Cove, Barden's Boat Basin and the area between Burr Bros. docks and Clapps Island and its sand bar in Wing's Cove. The western shore (Piney Point side of Wing's Cove) is open for the taking of quahogs. The eastern shore of Wing's Cove remains closed for quahoging.

mittee member in response to a request for reorganization to conform with present law. This question is, in fact, unanswerable because Mattapoisett is not one unit but a collection of diverse opinion. In this diversity, however, there is a trend and that, in fact, can be defined.

More is not better, necessarily. Mattapoisett homeowners may be more keenly aware of this phenomenon because of recent rapid growth. This has caused escalating taxes to furnish schools and and other services while, at the same time, the quality of life diminishes as streets once clean become cluttered with trash; once quiet neighborhoods become raucous; public places, once kept with pride, become targets of vandals. These are trends on the increase and responsible for a rather basic shift in philosophy. In fact, today more people are aware that there are some things of great value that you cannot buy at any price. More and more people would like to see some streamlining. The recent Mattapoisett annual town meeting trimmed spending to result in a $3.00 tax cut in order to prepare for the coming shock of sewer construction costs. In other words, people are now making the tough choice between desire and necessity.

Old Rochester, like an oceanliner, has gathered momentum over the years and this momentum is difficult indeed to control, to shift direction or to alter in any way.

I once heard a Superintendent of Schools give an assessment of his role to a meeting of his region's Selectmen and School Committee members. He said this: "It is my job to obtain the most and best that I can for this school system. It is your job to find a way to pay for it or to turn me down." It should be clearly known that the only lever that the homeowner has to control the Regional School system is the

School Committee. That their role as defined by this Superintendent is not to advise and consent but is, in fact, to control and deny in response to the ability of the homeowner to pay. The Superintendent, in fact, who made that honest appraisal, is Dr. Joseph Kunces.

Many consider our Regional School to be good and some consider it very good but, only the very well-to-do would consider it to be the best value for the money. The philosophy was expressed by a School Committee member as recently as August 17 that this individual represents the student alone. This is what bothers many thinking homeowners, because this attitude confuses the role of the School Committee member and the Superintendent and blends them into one and the same when they, in fact, are different. Otherwise the student is represented to the exclusion of the graduate. That same student, once graduated, might be excluded from living in this community because of the cost unless subsidized by a wealthy parent. Other long time residents could well be forced out by taxes.

It is always extremely difficult to criticize volunteers who serve the public diligently and with great personal sacrifice of time. But, the public must always make its position clear even though it be interpreted as criticism and be resented. Citizens hesitate to provide opinion to the Regional Committee because, in many cases, differing opinion is interpreted as criticism and focuses direct uncomfortable resentment toward those who speak. It is an intimidating procedure, in fact, to fix the critic with the icy question, "How many of our meetings have you attended?" The implication is that the voter has no right to question or contribute unless he or she has witnessed the agony of debate and decision. This is very wrong. Each homeowner, in fact, participates in the agony of decision each and every month when he pays the installment on his taxes, and deserves a courteous acceptance. Opinion should be welcomed though it not be complimentary. How can an officeholder represent all of the people if he does not care what they think?

Out of the debate concerning one man-one vote representation of the Regional School Board much good has already been accomplished. It has been demonstrated that a tape recording of the proceedings is a valuable tool in establishing accurate records. A suggestion that the chair-

manship of the board and the office of treasurer be rotated on a regular basis so that each member town has an equal opportunity to serve in these capacities has been made. There is a concern over the basic difference in philosophy and it is well that this be pondered. There is, perhaps, a new awareness of the power of a minority which refuses to be cowed by subtle pressure.

The case in favor of the one man - one vote proposition is fairly basic - it is representative government. It is law. It's worked for 200 years and can be supported without qualm. A realist would expect no change in the general voting pattern simply because of the committee membership. Members are almost always individuals of strong independent thought. An optimist might hope for a shift in philosophy to favor the cutting of the fat to increase the dollar/educational value ratio. This same optimist would foresee no change at all in the friendship and cooperation that exist now between people of all three towns under the Regional System whatever

SATURDAY SENIOR SERIES

The third and fourth races in the August Saturday Senior Series got under way at MYC on August 21.

Despite the scorching 90 degree temperature and the slack under 8 mile per hour S wind, the spirited little fleet of six Beetle Cats battled their way around the 4-legged course in the first race of their doubleheader. Not long after the rivalry of the starting duel died down, Dave Jenney's Ariel was off and away, with Bill Cornish's Barby Jo, Harvey Pentleton's Swamp Fox and Ed Baylow's Lightening Bug making every effort to close the gap. The real challenge developed on the home

stretch when the skippers began to close in and Cornish, second throughout, rapidly moved up to within two boat lengths of Jenney's fast decreasing advantage. Thus, the top three became: Dave Jenney, Bill Cornish and Harvey Pentleton - in that order.

During the concluding Beetle Cat contest, the breeze died down to near zero, fickle, shifting, fluky; and a puff of wind was as scarce as it was valuable. After some skirmishing at the starting line Dave Jenney was first to round the markers at Barstow Rock Red Nun "6" and Ned's Point. Then Bill Cornish sailed out in the harbor in search of that ever elusive breeze and, finding it, edged past Swamp Fox to win the top spot. Harvey Pentleton followed second and Dave Jenney third.

Three Lasers raced in the Laser Division: Toby Burr's #33337, #1534, and Ned Watts' #28665. Toby Burr was the victor.

MYC SERIES IN NEBCBA MEN'S CHAMPIONSHIP RACES

The annual New England Beetle Cat Boat Association's Men's Championship Races were hosted this year by the Low Tide Yacht Club in New Bedford on Sunday, August 22. The schedule included two races in the morning and two in the afternoon. First place went to the West Dennis Yacht Club with 34 points; the Cataumet Yacht Club finished second, with 29 points; and the Mattapoisett Yacht Club (Harvey Pentleton skipper) came in a close third with 27 points.

MYC WINS THE NEBCBA CHAIRMAN'S TROPHY

The Mattapoisett Yacht Club has just been awarded NEBCBA's coveted chairman's trophy. This trophy is presented to the member yacht club which, at the end of each season, ranks highest in the number of accumulated total points earned by participating in the five series of NEBCBA Championship Races. In each championship series, day-long Beetle Cat races are run in one of the following categories: Mitey Mites, Juniors, Women's, Men's and Tired Parents'.

For the last two years MYC has placed second in the final standings. This sum-

mer, after finishing first in the Tired Parents' and second in the Women's divisions and seeing our Mitey Mites and Juniors sailing well, our third place win, August 22, in NEBCBA's Men's Championship Races held at Low Tide Yacht Club, put us over the top. So, in 1976 the Chairman's Trophy comes back to MYC. We are indeed proud of our Beetle Cat contestants whose excellent seamanship has brought this honor to our club.

ANGELICA YACHT CLUB AUGUST SERIES

Angelica Yacht Club winds up its August series with an exciting finish. Both Saturday and Sunday were overcast with heavy winds, providing more challenging racing conditions.

In the Mitey Mite series, although Steve Hill took a second and third over the weekend, he was still the victor of the series. Paul Fistori came in second, just 1/4 of a point ahead of his younger brother, John, who took a third place.

Jane Crowley beat out Stuart Warren in the Junior series by one point. Stuart took a first on Saturday to tie Jane, but lost to her on Sunday. Bruce Sammis is the third place winner in the series.

Going into the Open Series on Sunday, Rick Warren's Little Tach, Harvey Pentleton's Swamp Fox and John Hill's Jonah II were within 1/2 a point. The final results proved Little Tash the winner, with Jonah II second and Pentleton's Swamp Fox third.

Last year before the ground had even thawed the Lions Club was busy planning the new Center playground. The P.T.C. had the opportunity to donate a piece of equipment: "The Buck-a-Bouts" to this worthwhile project. As the summer passes we have seen the children of the town enjoying this new area and it gives us all great satisfaction. The Parent-Teachers' Club was happy to be able to contribute to this type of community project as all our children benefit from its use.

NEW STUDENTS TO REGISTER

Newly arrived residents of the towns of Marion, Mattapoisett and Rochester are asked to register students who will attend Old Rochester Regional School District Schools as soon as possible.

The schools of Old Rochester Regional School District serve the member towns in providing education for students in grades seven through twelve. Registration for entry at any grade level can be commenced by calling at the office of the registrar in the high school building between the hours of 7:30 in the morning and 3:30 in the afternoon.

A parent or guardian is asked to accompany the student or students to be enrolled. It would be helpful to bring any transfer card or papers that may have been furnished together with recent grade reports.

Although an appointment is not necessary, a telephone call to 758-3745 prior to coming may spare the parent and students a wait. Calls may be directed to the registrar, Mrs. Polly Mort.

NOTED PREACHER RETURNS TO ST PHILIP'S

On Sunday, September 5th, Mattapoisett's Episcopal Church, St. Philip's, will be honored by the return of a now noted dignitary of the Episcopal Church, the Reverend Canon Harold Bend Sedgwick. When Canon Sedgwick preached his first sermon in that same church on September 17, 1933, forty-three years ago, he was the brilliant, young Harold Sedgwick, Harvard class of '30 and who had spent two years abroad before entering the Eipscopal Theological Seminary in Cambridge, Mass in which he was still a student. Much has elapsed since then.

Between that occasion and the present, the Rev. Canon Sedgwick recently retired from St. Paul's Cathedral, Boston, has served four Massachusetts' parishes and one in Washington, D.C. They are Christ
